“Nutrition Tip of the Month”

NO Chocolate for Pets!

Halloween candy is found everywhere you go this month. Be sure to keep those chocolaty treats away from your pets!

Chocolate can be poisonous in pets, if enough is ingested. If you think your pet has consumed chocolate, call the animal poison control hotline immediately for assistance.

Dark chocolate is worse than milk chocolate. Small dogs are susceptible to smaller amounts than large dogs.

For more information on this, please ask. We are happy to help answer any questions you may have.
